

The following Terminals for safety barriers have been independently assessed under DN-REQ-03080 as having undergone appropriate testing to meet the requirements of ENV 1317 - 4 and/or prEN 1317 -7 and have been accepted for use on the Irish National Road Network for the Performance Class and Permanent Lateral Displacement Zone (PLDZ) Class Code stated below.
The Terminals shall comply with the manufacturer's Specification, component descriptions and Installation procedures.
Essential characteristic information only is provided and confirmation is required that the system selected complies fully with all TII contractual conditions and requirements as detailed in TII Publications and any contract specific or site specific documentation.
Additional information on Exit Box and Impact Severity Levels for the product and copies of documents and drawings can be obtained from the Supplier.
Installers shall have successfully undertaken suitable training for the system to be installed.
