Dear Mr O'Reilly,

Thank you for your submission of the relevant documentation for H4B FRACASSO DF3W003 to H2 ARMCO DF3W002 Transition submitted as per the requirements of DN-REQ-03081 Transition Assessment Procedure and Departure Application number 29798.

An independent third-party review of your submission has been completed and is summarised in the attached report TII-TRL-109-22. I can confirm that the transition system referenced above has now been assessed as having undergone appropriate simulation testing in line with the assessment procedure contained in DN-REQ-03081. The H4B FRACASSO DF3W003 to H2 ARMCO DF3W002 Transition will therefore be added to the Compliant Transitions list which will soon be accessible at the below link under the heading Transition Assessment Procedure Downloads.

<http://www.tiipublications.ie/downloads>

As outlined in DN-REQ-03081, compliance with the requirements contained within the Standard and the subsequent inclusion of H4B FRACASSO DF3W003 to H2 ARMCO DF3W002 Transition on the TII Compliant Transitions list shall not indemnify the supplier against any claims in law. It should also be noted that the above acceptance is subject to the transitions also meeting the required performance criteria as appropriate for each contract. TII reserves the right to withdraw a system from the Compliant Transitions list if there is evidence that the system performs in a different way from that shown in the Initial Type Test or for any other reason for which it sees fit.

Yours sincerely

Albert Daly
Head of Standards and Research
