Guidance for Measuring and Pricing of Fencing and Environmental Noise Barriers

CC-GMP-00300

October 2016

About TII

Transport Infrastructure Ireland (TII) is responsible for managing and improving the country's national road and light rail networks.

About TII Publications

TII maintains an online suite of technical publications, which is managed through the TII Publications website. The contents of TII Publications is clearly split into 'Standards' and 'Technical' documentation. All documentation for implementation on TII schemes is collectively referred to as TII Publications (Standards), and all other documentation within the system is collectively referred to as TII Publications (Technical).

Document Attributes

Each document within TII Publications has a range of attributes associated with it, which allows for efficient access and retrieval of the document from the website. These attributes are also contained on the inside cover of each current document, for reference.

TII Publication Title	<i>Guidance for Measuring and Pricing of Fencing and Environmental Noise Barriers</i>
TII Publication Number	<i>CC-GMP-00300</i>

Activity	<i>Construction & Commissioning (CC)</i>	Document Set	<i>Standards</i>
Stream	<i>Guidance for Measuring & Pricing (GMP)</i>	Publication Date	<i>October 2016</i>
Document Number	<i>00300</i>	Historical Reference	Series MMNG 300

TII Publications Website

This document is part of the TII publications system all of which is available free of charge at <http://www.tiipublications.ie>. For more information on the TII Publications system or to access further TII Publications documentation, please refer to the TII Publications website.

Stream:	Guidance for Measuring & Pricing (GMP)
TII Publication Title:	Guidance for Measuring and Pricing of Fencing and Environmental Noise Barriers
TII Publication Number:	CC-GMP-00300
Publication Date:	October 2016
Set:	Standards

Contents

1. Temporary Fencing	1
2. Concrete Foundations or Longer Posts	2

1. Temporary Fencing

The Specification requires the Contractor to erect temporary fencing in all situations where he does not provide permanent fencing immediately. To comply with the Specification, Health and Safety regulations and the Contract Conditions the contractor has the choice of a range of specified types of fencing. This temporary fencing is not shown on the drawings nor is it included in the Bill of Quantities. However, should some specific temporary fencing be required by the Employer then this should be shown on the drawings in the Contract and included in the Bill of Quantities.

2. Concrete Foundations or Longer Posts

Items are provided in the Guidance for Measuring and Pricing for concrete footings to timber posts. These are only measured where such a requirement is identified in Appendices 1/15 or 3/1 of the Specification.

Footings in all other circumstances, including those for all posts other than timber, shall be deemed to be included within the fencing item to which they relate.

Locations where longer posts are required should also be identified in Appendices 1/15 or 3/1, a specific Type reference should be given, and reference made in item descriptions.
