Guidance for Measuring and Pricing of Waterproofing for Structures

CC-GMP-02000
April 2019

About TII

Transport Infrastructure Ireland (TII) is responsible for managing and improving the country's national road and light rail networks.

About TII Publications

TII maintains an online suite of technical publications, which is managed through the TII Publications website. The contents of TII Publications is clearly split into 'Standards' and 'Technical' documentation. All documentation for implementation on TII schemes is collectively referred to as TII Publications (Standards), and all other documentation within the system is collectively referred to as TII Publications (Technical).

Document Attributes

Each document within TII Publications has a range of attributes associated with it, which allows for efficient access and retrieval of the document from the website. These attributes are also contained on the inside cover of each current document, for reference.

TII Publication Title	<i>Guidance for Measuring and Pricing of Waterproofing for Structures</i>
TII Publication Number	<i>CC-GMP-02000</i>

Activity	<i>Construction & Commissioning (CC)</i>	Document Set	<i>Standards</i>
Stream	<i>Guidance for Measuring & Pricing (GMP)</i>	Publication Date	<i>April 2019</i>
Document Number	<i>02000</i>	Historical Reference	<i>Series MMNG 2000</i>

TII Publications Website

This document is part of the TII publications system all of which is available free of charge at <http://www.tiipublications.ie>. For more information on the TII Publications system or to access further TII Publications documentation, please refer to the TII Publications website.

Section No:

Amendment Details:

This document supersedes the October 2016 publication of CC-GMP-02000. The following principal amendments have been incorporated into this document:

- a) Reference to red tinting of the additional protective layer has been removed as this is no longer a requirement of CC-SPW-02000.
- b) Reference has been added to paragraph 2.4.1 of CC-SPW-02000 for details of the additional protective layer.

Contents Table

1. Additional Protective Layers	1
2. References	2
2.1 TII Publications (Standards) References	2

1. Additional Protective Layers

The Specification requires an additional protective layer, refer to paragraph 2.4.1 of CC-SPW-02000, to be laid on those areas of any waterproofing system that are to be overlaid with hot rolled surfacing materials. The Drawings should show these areas and also other areas that are to be provided with other types of additional protective layers, such as a protective concrete screed. These protective layers are included in the item coverage for waterproofing and are not measured separately.
