

Series 2500: Structures Designed by the Contractor

Structures Designed by the Contractor

1 Unless stated otherwise in the Contract these items shall be used only when the Contract provides for structures to be designed by the Contractor

Notwithstanding the provisions for measurement of the Works set forth elsewhere all the Works (with the exception of those works scheduled as not to be included) within the Designated Outlines shall be deemed to be measured and included within the single items in the Bill of Quantities priced by the Contractor.

The measurement of the remainder of the Works shall exclude all Works contained within the Designated Outlines except for those works scheduled as stated above.

Units

2 The unit of measurement shall be:

(i) structures designed by the Contractor.....item.

Measurement

3 The measurement of structures designed by the Contractor shall be the complete construction within the Designated Outlines with the exception of those works scheduled as not to be included.
