Road Safety Audit - Audit Team Qualifications

GE-STY-01025
December 2017

About TII

Transport Infrastructure Ireland (TII) is responsible for managing and improving the country's national road and light rail networks.

About TII Publications

TII maintains an online suite of technical publications, which is managed through the TII Publications website. The contents of TII Publications is clearly split into 'Standards' and 'Technical' documentation. All documentation for implementation on TII schemes is collectively referred to as TII Publications (Standards), and all other documentation within the system is collectively referred to as TII Publications (Technical).

Document Attributes

Each document within TII Publications has a range of attributes associated with it, which allows for efficient access and retrieval of the document from the website. These attributes are also contained on the inside cover of each current document, for reference.

TII Publication Title	<i>Road Safety Audit - Audit Team Qualifications</i>

**Updates to TII Publications resulting in changes to
Road Safety Audit - Audit Team Qualifications GE-STY-01025**

Date: December 2017

Page No:

Section No:

Amendment Details:

This document supersedes the July 2012 version of GE-STY-01025. The principle changes are as follows:

- a) Qualification for Road Safety Auditor now includes 1 day further training in the preceding 3 years.
- b) Engineers that are not Chartered may become Team Leaders with approval from TII and subject to more onerous requirements on quantity & category of completed audits as team member.

Contents Table

1. Introduction	1
1.1 General.....	1
2. Qualifications	2
2.1 Audit Team Leader (ATL)	2
2.2 Audit Team Member (ATM)	2
2.3 Audit Trainee (AT)	2

1. Introduction

1.1 General

The objective of this document is to set out the current qualification requirements for a Road Safety Audit Team appointed to carry out Road Safety Audits on the national road network in accordance with TII Publication GE-STY-01024 Road Safety Audit.

2. Qualifications

2.1 Audit Team Leader (ATL)

An Audit Team Leader will be a Chartered Engineer or equivalent with at least two years' experience of collision investigation and remedial measures, will have a Certificate of Competence in Road Safety Audit and will have taken part in ten road safety audits as a team member.

An Audit Team Leader will have completed as team member at least two audits of a similar category of scheme to that for which approval is being sought, and at least two audits of a similar stage.

An Audit Team Leader will have within the preceding three years completed at least five Road Safety Audits and taken part in further road safety training of at least one day's duration.

An Auditor who is not a Chartered Engineer may become an Audit Team Leader, subject to TII approval, where it is shown that the Audit Team Leader has completed at least ten Road Safety Audits within the preceding three years and has taken part in further road safety training of at least one day's duration. In addition, an Audit Team Leader who is not a Chartered Engineer will have completed, as an Audit Team Member, at least four audits of a similar category of scheme to that for which approval is being sought, and at least four audits of a similar stage.

2.2 Audit Team Member (ATM)

An Audit Team Member will be a road safety engineer, road design engineer or road traffic engineer.

They will have taken part as trainee in five Road Safety Audits and will have attended an accredited three to five-day course in Road Safety Audit theory and practice.

2.3 Audit Trainee (AT)

An Audit Trainee will be a road safety engineer, road design engineer or road traffic engineer, who has attended an accredited three to five-day course in road safety audit theory and practice and who has yet to complete five Road Safety Audits.
